WORK HISTORY

- 01.2019—present Executive Urban Designer, Smart City Thiruvananthapuram Limited
- 01.2018—12.2018 Urban Designer, Smart City Thiruvananthapuram Limited
- 07.2017—12.2017 Urban Designer, Smart City Cell, *Thiruvananthapuram Corporation Office, Thiruvananthapuram, Kerala*
- 10.2016—03.2017 Urban Designer Project Fellow, Smart City Cell, *Thiruvananthapuram Corporation Office, Thiruvananthapuram, Kerala*

My prime responsibilities were designing and co-ordinating campaign activities related to Smart City Challenge; conducting consultation meetings with general public in ward sabhas, stake holders and specialists of different fields in Thiruvananthapuram City; collecting and analysing primary and secondary data; assisting the Municipal Corporation in the required research in the process of preparation of Smart City Project Proposal to be submitted to the Ministry of Urban Development, Government of India..

- 07.2015—01.2016 Assistant Professor, NRMSA, *Kollam, Kerala*

The main subject I was handling at NRMSA was History of Architecture for first and second semester students and was the main Design faculty for first year students.

- 01.2015—02.2015 Trainee Urban Designer, *GITPAC, Thiruvananthapuram, Kerala*

Working experience at GITPAC was an eye opener for me towards the practical aspects of urban design.

- 06.2011—11.2011 Trainee Architect, *HABITAT TECHNOLOGY GROUP, Thiruvananthapuram, Kerala*

Experience of working with *Padmashree Architect Shankar* gave me a picture about cost effective techniques in construction and an idea about bamboo construction. I was also given the opportunity to deal with the clients directly and to be a part of designing team in some major projects. Drafting speed improved after training.
